

**Future Business Leaders of America (FBLA)** needs your help! We are traveling to New Orleans for our Fall conference on November 20, 2008. As a community service project we are joining a group called "Stand Up For Kids". We will be picking up care packages in several major cities along our route to New Orleans. These care packages will be distributed to at risk youth and the homeless children/families there. We are actively looking for hygiene supplies (soap, shampoo, deodorant) along with all nonperishable food supply items. Financial donations are also readily accepted. Please have your son or daughter bring these supplies to Ms. Lindbloom at BMHS.
